Supportive Services Policy for West Piedmont

PURPOSE

To provide guidance for the provision of needs-related payments and supportive services for individuals participating in Workforce Innovation and Opportunity Act Title 1-B Adult and Dislocated Worker. All Supportive Services are subject to available WIOA funding.

DEFINITION

Supportive Services – The term "supportive services" means services such as transportation, child care, dependent care, housing, and needs-related payment, that are necessary to enable an individual to participate in activities authorized under WIOA Title 1-B.

Needs-Related Payments – are financial assistance to participants for the purpose of enabling individuals to participate in training and are one of the supportive services authorized by WIOA section 134 (e)(3).

Available Funding – the amount of funding that has been approved by the WPWDB for each Program Operator by local and funding stream and not yet allocated to specific individuals.

GENERAL

Limit needs-based payments to \$500, unless extraordinary case can be presented for review by the CEO.

Rationale: Needs-based payments count against the 40% requirement for funding to be spent on training activities.

Day care limit has been reduced to \$200 per week as payments count against the 40% requirement for funding to be spent on training activities.

Stipend is no longer available as it will count against the 40% requirement for funding training activities.

Travel reimbursement for employed participants is limited to 30 days; for individuals who entered employment or in an ITA may receive support with documented need, if funding is available.

ELIGIBILITY RULES

Supportive services are not an entitlement. Supportive services are based on the unique financial and employment/training needs of each participant.

Adult and Dislocated Worker participants may be eligible for supportive services if:

- 1. They are actively engaged in services designed to achieve their training and employment goals,
- 2. Have a demonstrated financial need, and
- 3. Are unable to access the supportive service from other resources in the community.
- 4. Adults and Dislocated Workers are not eligible for supportive services after program completion (during follow-up).

PAYMENT LEVELS AND DURATION OF PAYMENTS

Supportive Services (non-needs-related) – payments for Supportive Services will not exceed \$500 within the program year during any training program, except as approved by the WPWDB CEO. This type of Supportive Service (non-needs-related) includes transportation (mileage reimbursement), books, uniforms, tools, supplies, etc., resetting July 1 of each year.

Needs-Related Payments – for Adults and Dislocated Workers – the payment must not exceed \$500 during any program year, resetting July 1 of each year and WPWDB approved form must be used for documentation of attendance of training prior to benefit payment.

ADMINISTRATION OF SUPPORTIVE SERVICES

Supportive Services may only be provided to WIOA customers who are participating in WIOA programs and who are unable to obtain supportive services through other programs. No Program Operator may provide Supportive Services funded by a WIOA program until other local area programs (that generally provide the Supportive Service needed by the client) have been contacted and denial of assistance is documented. If a non-WIOA program can provide the Supportive Service needed by the client, a referral will be made by the Program Operator. However, if alternative resource cannot be found, then Supportive Services will be provided using WIOA funds if it is necessary to enable eligible individuals to participate in career services, training, or other program activities under WIOA.

When Supportive Services cannot be secured through means other than WIOA funds, the use of case notes, clearly stating the attempts, will be used as documentation

Non-Training related WIOA Title I funded supportive services shall only be provided in the absence of other available resources within the local workforce area which includes supportive service resources from other one stop and community partners.

All requests must be approved prior to dispersing the benefit. Supportive Service may include such services as:

- Transportation,

Mileage

Travel Allowance will be paid for travel to and from the training facility. Payment will be based on set rate per mile. The set rate will be per mile rate x the round-trip miles per day and documented by usage of a travel voucher supported by a valid GPS mapping program such as MapQuest, Google Maps, etc. Reimbursable mileage will not exceed 70 miles per day. Program Operators who have participants that travel unusually long distances to and from a training facility may request a waiver from the WDB Executive Director to increase the maximum weekly allowable amount for those participants. The written request must document the need for the increase in the travel allowance. Travel allowance will be paid for actual days participated only, and must be documented by an attendance record, which is signed by the appropriate activity representative at the facility and by the participant. Actual round-trip miles per day must be reported correctly by the participant. A valid mapping program will be used to verify the travel distance between the starting point of travel and the destination, i.e. training facility. A copy of the map's driving directions illustrating the actual mileage to the training facility should be maintained in the participant file. Any changes to the actual mileage should be clearly documented on the training attendance sheet, and a new MapQuest to support the change should be maintained in the participant file.

Child Care/Dependent Care

To receive child care or dependent care payments, the participant must show evidence of need, and such payments can be made only when the participant cannot afford to pay the childcare or dependent care themselves. Childcare/Dependent Care payments will not exceed \$200 per week. Payment will be made only for those days the participant attends training.

Assistance with training, uniforms, work attire, and related tools

Documentation will consist of a completed Supportive Service documentation, an invoice (itemized and dated) for the items purchased and a dated receipt of the items by the participant and the case manager or WIOA representative.

Other

Supportive services required to help the individual stay in training or be able to successfully complete program participation and which the trainee cannot afford, will be provided on an individual case-by-case basis. Each situation will be evaluated as the need arises and determination on whether support is needed is the call of the WIOA Program Operator. Of course, all proper documentation and verification is required.

More Info Added

Travel Allowance will be paid for travel to and from the training facility. Payment will be based on set rate per mile. The set rate will be per mile rate x the round-trip miles per day and documented by usage of a travel voucher supported by a valid GPS mapping program such as MapQuest, Google Maps, etc. Reimbursable mileage will not exceed 70 miles per day. Program Operators who have participants that travel unusually long distances to and from a training facility may request a waiver from the WDB Executive Director to increase the maximum weekly allowable amount for those participants. The written request must document the need for the increase in the travel allowance. Travel allowance will be paid for actual days participated only, and must be documented by an attendance record, which is signed by the appropriate activity representative at the facility and by the participant. Actual round-trip miles per day must be reported correctly by the participant. A valid mapping program will be used to verify the travel distance between the starting point of travel and the destination, i.e. training facility. A copy of the map's driving directions illustrating the actual mileage to the training facility should be maintained in the participant file. Any changes to the actual mileage should be clearly documented on the training attendance sheet, and a new MapQuest to support the change should be maintained in the participant file.

Child Care/Dependent Care

To receive child care or dependent care payments, the participant must show evidence of need, and such payments can be made only when the participant cannot afford to pay the childcare or dependent care themselves. Childcare/Dependent Care payments will not exceed \$200 per week. Payment will be made only for those days the participant attends training.

Assistance with training, uniforms, work attire, and related tools
